RE: Paratransit Services in Santa Cruz County

Dear Chairperson Beautz and Members of the Commission:

I am in complete support of Item 23 on our January 8, 2004 meeting and specifically the written request of Supervisor Wormhoudt. These are two additional pieces of information that are absolutely essential to a complete and fruitful discussion of the issue and the crafting of an answer.

I, herewith, formally request that a financial audit of the expenditures of the TDA funds for last year and this year to date be performed at the Transit District and Community Bridges. I further request that this work be complete prior to the scheduling of the stakeholders community wide meeting currently proposed to report to the Commission in April 2004. Without this financial information there can be no cognitive plan formulated.

Sincerely,

Michael W. Keogh, Commissioner
