### The Santa Cruz County Rail Corridor

Thirty-one miles of forest park for bike, pedestrian, and light rail running the length of our county.

To acquire the corridor, we need state money which will ONLY be released if we move ahead with some form of rail service. Enter the Trolley, a bus-like train that will release \$11 million in Prop. 116 money. The proposed Trolley will start as a recreational train between Aptos and Capitola. Several dozen homeowners who live along the tracks in Aptos want to defeat the project and are coming close to doing so.

The Trolley has broad community and business support, including the Sierra Club, the Seaside and Seascope Companies, People Power, and the Santa Cruz Bicycle Industry Coalition.

### Why turn down \$11 million dollars?

The Santa Cruz County Regional Transportation Commission wants to hear from you about the trolley and the rail trail at a special public meeting.  
Thursday, March 4 at 7:00 p.m.  
5th Floor, 701 Ocean Street, Santa Cruz

Join us before the meeting to socialize and strategize at the SEABRIGHT BREWERY (corner of Seabright and Murray) then ride together to the meeting. MARCH 4, 5:00 p.m.

If you can't make it to the hearing, express your support by mailing comments to:

Santa Cruz County Transportation Commission  
1523 Pacific Avenue, Santa Cruz, 95060  
or email them at: info@scrtc.org

*By signing here you will be sending your support to the Santa Cruz County Regional Transportation Commission to help make the rail/bike trail a reality!*

*There is a real danger that we will lose the \$11M state grant towards the rail/bike trail (and thus the trail) if we don't get enough support.*

*Why 3,500 signatures by March 4th?  
3,500 bikers joined in Bike to Work last Fall and there will be a meeting on March the 4th to gauge public support for the rail/bike trail.*

*So please inform all the bikers, walkers and rail advocates you know ASAP about this petition.*

*Thank You!*
