March 30, 2004

Dear Linda,

Fifty-two weeks a year we enjoy working with you and your staff to create innovative and impactful campaigns, on-time and on-budget. On one night each year, we have an opportunity to have that work judged against ads from our peers by the American Advertising Federation.

Two weeks ago, Riester~Robb was honored to win 22 awards at the 2004 Addy Award competition. Dave Robb and I are delighted to announce that some of those awards were for work we created with you.

- Commuter Coaster, Silver Addy POP Free Standing

We will be delivering your trophy as soon as it arrives.

Congratulations to you and your team. We are truly grateful to be your partners.

Best Regards,
