Re: Your Letter of 10/5/04

Dear Mr. Gooch:

This letter acknowledges receipt of your letter of October 5, 2004, regarding an information item in the Santa Cruz County Regional Transportation Commissions' agenda packet of October 7, 2004. As we discussed on the phone prior to the RTC meeting, the RTC does not currently have, nor has it ever had, any intention of either condoning or reimbursing the activities of local activists in relation to a future Coastal Rail/Trail within the Santa Cruz Branch Line right-of-way.

As you requested, this letter was distributed to Commissioners at their October 7th meeting.

Please let me know if you have other concerns in this regard over which the SCCRTC has jurisdiction.

Sincerely,

Linda Wilshusen
Executive Director
