Subject: RE: Monterey Bay Sanctuary Scenic Trail Network - Draft RFP

Cory,

I always hate the plastic binder covers, plastic inserts and plastic bindings that make it hard to recycle the proposal once the reviewers are done with it. Therefore I've been adding the following to RFP/RFQ's for the last couple of years. The 10 page limit was for a smaller project. I scanned the rest of the RFP and it looks good. There's a firm out of San Luis Obispo, RRM Design Group, that does a lot of this type of work. Let me know if you want their particulars.

Chris

Statements of Qualifications (including resumes) shall be no more than 20 pages in length and printed on double-sided recycled paper (i.e. 10 sheets maximum). Covers are not required, however if provided they should be recyclable material, including the binding. No plastic inserts shall be used.

Subject: Monterey Bay Sanctuary Scenic Trail Network - Draft RFP

Hello ITAC Members: I wanted to bring your attention to the draft Request for Proposals for the Monterey Bay Sanctuary Scenic Trail (MBSST) Network we are circulating for review and comment. Many of you have seen it before through my presentations to other committees but if not and you're interested, please take a couple of minutes to review it. If you have comments, please let me know no later than end of day **Wednesday, May 21st**. We will be taking the RFP to our June 5th TC meeting for approval and release to consultants. Thank you, Cory Caletti
