

Highway Corridors: Safe on 17

Program Description

The Highway 17 corridor was identified as a high-collision corridor in 1998 as a result of collision data analysis and recommendations of local, regional, county, and state agencies. The Safe on 17 Task Force was formed to develop and implement collision reducing strategies, such as additional CHP enforcement, traffic safety improvements, and public education. These strategies focus on preventing the occurrence of the top five Primary Collision Factors in fatal and injury collisions including driving at unsafe speeds, vehicle right-of-way violations, improper turning, and improper lane change.

The Task Force is comprised of representatives from the Santa Cruz County Regional Transportation Commission (RTC), the San Francisco Bay Area’s Metropolitan Transportation Commission (MTC), the California Highway Patrol (CHP), the California Department of Transportation (Caltrans), local police and fire departments, legislators’ offices, and the media. The RTC and MTC provide \$100,000 annually for enhanced CHP enforcement using Service Authority for Freeway Emergencies (SAFE) funds. SAFE funds come from a \$1 registration fee on all vehicles in the region and fund the highway call box system, Freeway Service Patrols on Highways 1 and 17 in addition to extra CHP enforcement on Highway 17, and other motorist-aid services. The RTC provides an additional \$50,000 annually to the program from Measure D funds.

Program Highlights

- ▶ Multi-agency, multi-jurisdictional effort to reduce injury and fatal collisions on Highway 17
- ▶ Encourages safer driving and deters traffic violations with extra CHP enforcement
- ▶ Implements road safety improvements to reduce wet weather and run-off-road collisions through guardrail upgrades, shoulder widening projects, and pavement surface treatments
- ▶ Increases safe driving practices, especially on mountainous highway roads, through education and public outreach

Meeting Schedule

The Safe on 17 Task Force meets twice a year to share information about transportation projects and collisions on Highway 17 and traffic operation systems in Santa Cruz County. Meetings are open to the public and all are welcome to attend. A teleconference option is available for those unable to attend meetings in person.
